- G. Anyone serving a suspension will not be allowed to participate or serve in any capacity at the facility.

General Race Procedures

- A. All drivers must attend the drivers meeting held before each weekly event. The purpose of the drivers meeting is to explain the race procedures for that night's events, flag signals and so on.
- B. Cars will assemble in the staging area in race ready order. Any late car arriving after the field has entered the track and been aligned in race order, will have only two (2) laps to enter the track and tag rear of field. No cars will be allowed to enter the track once the yellow light is out. After one completed/scored lap, late cars will be given a DNS.
- C. In the event a car drops out after entering the racetrack, cars in the same line (inside or outside) as the one that dropped will move straight forward.
- D. Qualifying: Positions will be determined by the luck of the draw taking place before hot laps. Drivers of cars arriving late at the track will not take part in the draw and will automatically start last with no passing points.
- E. Method of Starting: All races will be started with the flying start. The green flag will signal the start of the race. When the winner of the race has received the checkered flag, the black flag will be displayed for clearing the track. Original starts will be between turns three (3) and four (4). All cars will be side by side and nose to tail.
- F. Spins or tangles occurring in the first lap in any event will call for a new start. Cars dead on the track will restart at the rear of the field in the order they were running.
- G. Restarts will be single file, nose to tail. There will be no passing before the cone.
- K. Stopping on the Course
 - a. A car that stops on the track for any reason after the green flag will be placed at the rear of the field.
 - b. Any car involved in 3 cautions will be eliminated from the remainder of the race. When this rule is in effect and in case of a spin and/or stop, only one assisted restart per race, per car will be permitted. Additional restarts will be at the flagman's discretion.
- H. 360 Spins: 360 spins are not allowed and will not be tolerated. If a 360 spin occurs, the yellow flag will come out and the offender will be sent to the rear of the field.
- I. If a car enters the infield appearing to be "parked" during a caution, it may reenter the track as long as a green flag has not yet flown. If a green flag has flown, the car may not reenter the race.
- J. Rough Driving:
 - a. 1st Offense – Driver will go to the rear of the field
 - b. 2nd Offense – Driver will be disqualified, receive no points and no pay.
- K. Slide Jobs: Must clear the driver you are attempting to pass!

- L. Retaliation: During a yellow or after the event, you will be disqualified, receive no points and no pay and possible suspension from the track.
- M. Restarts
 - a. Upon a single file restart, cars shall be positioned in the proper order by the Director of Competition and Head Scorer. Any car failing to follow the proper positioning of cars, deliberately forbidding a competitor the proper starting position or deliberately delaying the restart of a race event for 2 laps will be moved to the last running position if then they don't move to the rear, they will be disqualified from that event.
 - b. The Leader sets the pace for a restart. All starts and re-starts begin coming out of turn 4. On re-starts, no competitor may pass until they pass the cone in turn 4. If a driver passes before the cone or hits the cone, the yellow flag will be displayed and the offender will re-start with a penalty of two positions.
 - c. In the event of a yellow/red flag, scorers will refer to the last completed lap in which all cars crossed the start/finish line under the green flag.
 - d. In the event of a red flag, all cars will stop as soon and as safely as possible in the area designated by the director of competition. When the track has been cleared, cars will resume racing according to the last completed lap in which all cars crossed the start/finish line under the green flag.
- N. If a driver and car park in the infield for any reason, the driver is to remain with the car unless in need of medical assistance.
- O. Scratching: If you are scratching from any race during the night, inform a track official with a radio in order to relay this message to the tower ASAP.
- P. DNS: Any car not taking the initial green flag of the event will be given a DNS. In the feature event, the driver will not be eligible for points or pay unless the driver took the green flag of the feature event.

STARTING SPEEDS

- A. In the event the first row fails to properly address the starting line after two attempts, the front row then goes to second row and second row goes to front row.
- B. In the event that starting positions 3 through the end of the tail jump the start, they will go back one row and the car behind moves forward one row. If a driver jumps the start a second time, they will be sent to the tail.
- C. NO DRIVER MAY DELIBERATELY IMPROVE HIS/HER POSITION UNTIL THE GREEN FLAG IS DISPLAYED
- D. Cars not started by the completion of the parade lap shall be immediately moved to the infield.
- E. The start will be official only upon the Head Flagman signaling with the green flag.
- F. The lead pole car will set the pace, which shall be constant pace, in accordance with track conditions and as required to keep the field in formation.

RACE COMPLETION

- A. A race will be considered complete when the checkered flag has been displayed or whenever the scheduled distance is finished. All feature races must be completed by a green, white and checkered flag unless the discretion of the Promoter states otherwise.
- B. A feature event will be incomplete if less than 50% of the event has been run or if cancelled by the Promoter.
- C. Races which are completed on subsequent dates will complete the unfinished portion of the scheduled distance.
- D. The white flag will be displayed to the leader as he begins his last lap, and will continue to be displayed to each successive car during that lap of the race, thus indicating one more lap to be run.
- E. The checkered flag will be displayed to the Leader as he completes his last lap, and to each successive car until all cars running have been signaled that the race has been completed.
- F. Finish positions will be determined in the order by which the cars complete the scheduled distance of the race. The end of a race will be official when the lead car receives the Checkered Flag, regardless of how many laps the following cars have completed. Spins or tangles by remaining cars after the Checkered Flag falls and able to finish the race will hold their positions and be scored in the order they cross the start/finish line. Cars unable to restart will be scored by number of laps completed.

- G. If a race is stopped by use of the red flag and is ruled complete by virtue of more than 50% of the race event having been run, the finishing positions will be paid according to the last official scored lap by the Leader, previous to the red flag being displayed. Any cars involved in the accident which resulted in the red flag being displayed will be scored at the rear of the field.

- A. All cars must pass a technical inspection by the Director of Competition before being allowed to race.
- B. Cars will be required to weigh at the scale based on the following protocol:
 - a. All classes will weigh as follows:
 - i. Top 3 finishers from the heats
 - ii. Top 3 finishers in the feature
- C. If a car fails to report directly to the scale to weigh after exiting the track, the driver will be disqualified for that race.
- D. All classes subject to random tech at Director of Competition's discretion
 - a. The only persons allowed in tech area are the driver of the car and one (1) crew member of that car
- E. Restrictor plates will be complete random tech
- F. All other classes are subject to random tech
- G. All drivers are required to wear a raceceiver and all safety gear each time they are on the track. Those not going to told position after being told twice by radio and flagmen will NO LONGER BE SCORED.
 - a. If a working raceceiver is not worn, driver will be disqualified (including no points and no pay and parked for that race until the driver proves wearing a working raceceiver. If a working raceceiver is not worn in staging, driver will not be allowed on the track until a working raceceiver is worn.

- H. If a driver has been DQ'd or refused tech in the past, the driver is subject to pre-race tech before being allowed to race the next time until deemed legal again.
- I. If a driver has been disqualified or refuses technical inspection on a given night, they will automatically forfeit earnings that night and all points earned in that class from the beginning of the current season through that night. If the competitor is deemed legal prior to the next race they may start re-accruing points at that race starting from 0. Notable Exception: If a driver is racing the same car in multiple classes and is found illegal or refuses technical inspection they forfeit points in both classes up to that point.
- J. If a driver is found illegal or refuses technical inspection a second time in the same racing season the driver and car owner will be suspended from all racing action for a period of 2 actual race nights. If the same occurs a third time the driver and owner will be suspended from all racing action for a calendar 12 months from the date found illegal or refusal of technical inspection. Technical inspection refusals and being disqualified will both count towards the number offences. Ex – A driver refuses tech one week and then is found illegal 3 weeks later, they would be suspended for 2 weeks. A driver or owner suspended from racing action due to this line item will still be allowed on the grounds at Southern Illinois Raceway during their suspension; however, they are not allowed to enter the night's competition.
- K. If a driver or car owner is asked to go to the technical inspection barn for inspection after the races have completed they have one chance to agree to have their car inspected. If they refuse once to either the technical inspector, the director of competition, or any of the board members they will be disqualified immediately, be subject to punishments as outlined in the Southern Illinois Raceway rules, and not be allowed to have their technical inspection completed even if they change their mind.
- L. Technical Inspection will occur AFTER the LAST RACE of the night.
